NCLC Rule Reminder: a. A player HAS TO PLAY IN HALF THE POSSIBLE MATCHES during the season (one game of each match) to be eligible to play in the tournament. b. If a team forfeits a match, its team is still responsible for meeting its tournament eligibility requirements. The team receiving the win by forfeit gets a one-match reduction in tournament eligibility. (.. I add the "Match Played" to all players on the team that received the forfeit. Therefore you will need to see 4 "Matches Played" on your team "Stats" page...)
